

# PU FOAM

## FOAM FOR CONSTRUCTION & INSULATION

GSA PU expanding foam is a versatile and efficient product widely used in construction and insulation applications. This polyurethane-based foam expands upon application, filling gaps, voids, and cavities with precision. Its expansive properties enable it to conform to irregular shapes and surfaces, creating airtight seals and insulation barriers. GSA PU expanding foam provides excellent thermal and sound insulation, reducing energy loss and minimizing noise transmission. It also offers resistance to moisture and provides additional structural stability.

### RANGE OF PRODUCTS

- **13210**  
Expanding Foam 500ML  
Barcode : 9340885004030
- **13211**  
Expanding Foam 750ML  
Barcode : 9340885004047
- **13211FRG**  
Expanding Foam Fire Rated 750ML  
Barcode : 9340885004689
- **13211G**  
Fixing Foam Gun Grade 750ML  
Barcode : 9340885004672
- **13214**  
Expanding Foam Gun Grade 750ML  
Barcode : 9340885008663
- **EFG**  
Expanding Foam Gun  
Barcode : NA
- **EFGP**  
Expanding Foam Gun Professional  
Barcode : NA
