

BUFF PADS & COMPOUNDS

COMPLETE SOLUTION FOR DETAILERS AND REFINISHING

The Phoenix Buff Pads & Accessories together with the Phoenix Quantum Compounds form a complete polishing and refinishing system designed for both DIY users and the professional automotive refinish industry. From heavy cutting through to final finishing, colour-coded pads and specialist accessories deliver precision and versatility, while the four-step compound range works in harmony to remove scratches, restore gloss and protect surfaces. Engineered for durability and consistent results, Phoenix offers a reliable solution to achieve a flawless finish every time.
